Quotes from:

LEE WESTWOOD

LEE WESTWOOD: Played well from the start, really. Hit a lot of good shots. Made one bogey out there at the 13th where I hit a good drive and just went too far through the fairway. Then finished strongly, three birdies on the last four holes.

But I think the greens are firming up a bit, I think it will be a very fair golf course under any kind of conditions. If it plays fast, it will be fair. It's just a well-designed golf course.

I mean, it's only the fact that it's pre-determined that the par is what it is that you say not a lot is happening. I mean, the first seven holes, I was level par through the first seven and delighted, so I felt like something was happening, so it's just a mindset.
