QUICK QUOTES FROM: CRAIG STADLER DOUG TEWELL

CRAIG STADLER

Q. Was it just a matter of trying it make things happen out there and getting bit while trying to do it?

CRAIG STADLER: I hit a lot of good shots for shooting 84.

Q. You shot 83.

CRAIG STADLER: No, they had the score wrong. It was 84. But that was a good putt on 18. My highest round as a professional ever was an 84. So I did not set a new record.

Q. What were the conditions like out there?

CRAIG STADLER: It sucked. The conditions weren't quite as bad as my golf, but it was almost.

Q. John wanted to know why you played 27 holes instead of 18?

CRAIG STADLER: Yeah, no kidding.

Q. Was it that difficult?

CRAIG STADLER: No, I mean it's played this tough before, but obviously it got going bad early and I made a million on 4. Didn't hit that bad a tee shot and then misjudged a little wedge.

And then just kind of misjudged the wind after that a few holes and after that it was just get it over with. And I didn't get it over with very well. I

made a hell of a 4 on 17. I hit the one in the water on 17 and then hit the next one up there and made 4.

Q. Do you have any four putts?

CRAIG STADLER: I didn't even have any three putts. I just hit it like crap all day.

Q. Does that mean you're looking forward to coming back tomorrow?

CRAIG STADLER: Oh, I can't wait. I wish it was this afternoon. I would love to go out this afternoon and get it over with.

Q. Ready to slam the trunk?

CRAIG STADLER: You could say that, yeah. Yeah, I will come out and go through the motions and try to play a good round tomorrow, but it's for absolutely nothing other than trying to shoot a good score after today and convince myself that I'm not a 20 handicap.

Q. How do you makeup ground in a situation like this if you're trying to catch these leaders, what do you do?

CRAIG STADLER: You just got to stay patient and try to keep the ball in play and just try to, on a day like today, play more with the wind than try to fight it. Even par would be a damn good score today and no matter where you were today, you make the cut at 5-over, you happen to shoot two or 3-under, you're going to be back in pretty good position.

So just be patient and try to hit some golf shots, which I was patient, I just didn't hit any golf shots.

Q. How did you feel on the practice

...when all is said, we're done®

range? Did you feel okay?

CRAIG STADLER: Yeah. Yeah.

Q. So you didn't feel this coming on?

CRAIG STADLER: It was one of the most enjoyable days.

Q. When is the last time you shot 84?

CRAIG STADLER: I believe Jacksonville. 15 years ago.

Q. What was the wind blowing that day?

CRAIG STADLER: I don't remember. I don't know when it was. I know where it was, but not when.

DOUG TEWELL

Q. How did you play?

DOUG TEWELL: I thought it was looking pretty good with four holes to go. And then all of a sudden I started playing kind of casual. I hit more club than I needed on 6, the ball hit into the mound and I said, well, there's a bogey.

Then 7, I'm going to play it down that left side, because I know the wind will -- I mean I pull hook it into the trees and I'm like, I go, gosh, you better just go back to hitting it hard. So I made some mistakes coming in.

But trust me, if someone had said 71 in the club house this morning I would have said, I'll just sit here and watch you play.

Q. How hard was it out there?

DOUG TEWELL: It was tough. When I got 154 into the ninth hole, which is the old -- or I'm sorry, 18 there, and I took a 4-iron and just punch it, because the wind is blowing so hard. You have to sort of invent shots today and that seems to be what's -- if I could invent a few shots right now it helps my goal.

Q. Is this what you kind of envisioned, is this what you kind of warned the guys about?

DOUG TEWELL: We, yeah, we knew that -- they were worried about the rough getting up, and I said don't worry about the rough, the wind will dictate the scores here. So I was just fortunate, I kept the ball in play all day and hit the

pin on the last hole, which kind of saved par for me after three bogeys in a row. But, you know, it's just a tough day and you just have to stay extremely patient and it was hard over some of those four footers just standing still.

We got out there on the fifth hole, two of us backed off. I mean you just couldn't stand still to hit the putts. So I feel pretty fortunate to shoot even par today. But I have grown up in it, I guess I ought to -- if I had an advantage this week, I found one maybe, I don't know.

Q. Is this the day, kind of day for the home course knowledge to help you?

DOUG TEWELL: Oh, I think a lot. Yeah, I think a lot. There's no question. I knew where I didn't want to be. If I overhit it or something, you know -- I played pretty conservative starting out and then just played --

Q. Stadler shot 84 and felt good about it. He didn't even have a 3-putt for an 84.

DOUG TEWELL: Well, it's just one of those days. I feel very good about it, obviously, I'm tickled to death. I wanted to beat the course, I wanted to get it in the red, and if there's a disappointment, that's what it is.

Q. You said you can't attack, but how do you narrow the gap? Do you just hold your own and hopefully think they will back up?

DOUG TEWELL: I was holding my own there, just like I said, like I said yesterday, I want to get it back to even par. So at least I did that. Now I made that a little harder, it was looking easy four holes ago and now I'm going to have to go out and play equally as well tomorrow. But I need for the conditions to be tough to make up any ground.

Q. Were there times it was a four club wind?

DOUG TEWELL: No, no I think mostly it was two to two and a half clubs all day. Pretty much.

Q. You said you had to be patient today, do you think you'll have enough patience to do it again tomorrow?

DOUG TEWELL: Well, we'll find out tomorrow. I hope I do. I'm just going to have to be doubly patient because I'm sure -- I'm not firing on all cylinders.

Q. You said you shouldn't even be out here really?

DOUG TEWELL: Well my arm is killing me. I didn't take the pain killer today. I took it yesterday and I said I'm not going to take it today. And it just gets a little number in my fingers and it's just the way it goes. Kite kept me up all night, you know, just hollering.
