QUICK QUOTES FROM:

D. A. WEIBRING MIKE REID

D. A. WEIBRING

Q. 1-under today, two birdie, one par, you were able to keep it together out there in some pretty tough conditions.

D.A. WEIBRING: Yeah, it was pretty steady. I made a good par putt at the first hole. I drove it just in the left rough and kind of had to play under the edge of the tree and put it in the front bunker and got it out and made about a 12 or 14 footer for par.

Then I made maybe a 15 to 18 footer, maybe 20 footer at the second hole for birdie.

And then I came back, I bounced right back and number 3 was playing really tough against the wind today and I made bogey there.

From there on in I'm not sure I really missed any greens. I drove the ball pretty well and I had some good chances. But the wind was that much stronger today where some of the crosswinds on tee shots where you really had to offer favor where the past couple day, even Tuesday when we practiced, if you hit the ball solid you could kind of hold it on line a little bit. Today it was a lot stronger.

Q. Obviously there's a little bit of enthusiasm before your next round, you're going to take a red number in, no one knows where the final mark is going to be, but you

have to feel pretty excited about the way you finished today, going into tomorrow.

D.A. WEIBRING: I feel like I played pretty well all week. I had some family on my bag. Which has been very important. My cousin, Tim caddied for me the first two days and got affected by the heat a little bit yesterday and my son Matt, who plays the **Nationwide Tour**, drove up last night late.

Q. Where did he drive up from?

D.A. WEIBRING: From home in Dallas. And so he caddied for me today. And I don't know who is going to be on the bag tomorrow. If Tim will bounce back or Matt, but I really enjoyed having Matt out there and Tim all week. It's been fun.

MIKE REID

MIKE REID: I felt like I played better than that, but I think that's what the wind does to you. It is what it is.

Q. Well, 75 was probably like only 1-over par today.

MIKE REID: Yeah.

Q. Or maybe it's even, I don't know.

MIKE REID: Yeah. It's Oklahoma and you're going to get days like this and it might well be like this tomorrow.

So we'll see.

Q. How many different club difference was there out there on some of those holes today with the wind?

MIKE REID: Oh, I think at times at least for me it was an at least a two and sometimes a three club wind. But if all you had to deal with was

...when all is said, we're done®

into it and down, it would be a different matter. But the crosswinds were what got so confusing. You could toss up grass and get three different angles. So then it's not what you hit, so much as when you hit it.

And that brings in the element of intuition. And I think that, frankly, if you love a challenge, and that's what it was today, it was a challenge, the challenge was being able to kind of approach each shot, to have a shot in mind and yet still be a little intuitive enough to say, you know, it might be a little bit off of it or it might be a little bit lower or you might want to drive this one a little bit or you might want to go ahead and let the wind have this one a little. So all day it was -- and when I was in that mode and being challenged and enjoying, saying, what kind of fun can I have with this shot, that's when I hit better shots.

But when I was going, oh, my gosh, it could go here, it could go there, you know, when you start looking at it that way, it's never, it never produces a very good result.

Q. What's that Pete Dye wanted. He wanted you to go, look at all the trouble I put out for you fellows. The wind is tough, because it will blow 10 miles an hour for 10 seconds, so instead of 20, it's 30 or 35.

MIKE REID: Well, and it seemed to be more exposed on the front than most of the holes on the back. So it's -- you're always aware of what it's doing or what you think it's doing. And the biggest challenge is to try to keep it simple and play golf and realize that, there's the ball, there's the hole, get it up there someplace and try to scratch it in. And maybe with a good shot you'll have a birdie chance. But I didn't have too many chances today.

Q. Just let your raw power or your raw swing over power the golf course?

MIKE REID: Man handle it.

Q. Yeah, man handle it, like you normally do?

MIKE REID: Yeah.

Q. Next time you come back here they will have to Reid-proof this place.

MIKE REID: That's right. Put that tee on top of the club house on No. 1.
