QUICK QUOTES FROM: KIRK HANEFELD BOB GILDER

KIRK HANEFELD

Q. 3-under par today, tell me a little bit about that. That's a heck of a score out there today.

KIRK HANEFELD: I was very pleased with that. I made a couple of hiccups during the course of the round, but for the most part pretty much as good as I could play. It was tough conditions again today and the golf course was very hard. And I was very happy with the final result.

Q. Just overall, tell me a little bit about your four rounds that you've played here this week.

KIRK HANEFELD: Well, I played really good today, I played pretty good the second round, so-so the first round, and yesterday the 79, I just, I let it get away from me a little bit. The wind was just really tough. And 79 was a bad score, although I didn't really feel like I played anywhere near that bad. I came back today with a good score. So that was great.

Q. What went well for you today?

KIRK HANEFELD: Everything went well. I made some putts like you're supposed to do. But in conditions like this, I think it would have been a

pretty good score on a calm day. On a windy day like this, I think that was exceptional.

BOB GILDER

Q. Take me through your round today, that's quite a score you posted out there.

BOB GILDER: Well, I was just very happy to be here today.

I ended up in the hospital last night, getting a kidney stone operation. I had a stent put in. And I was just very happy to be here today.

But, so it was just pretty much a battle out there. I was just not trying to over swing and I hit some really good shots out there. And I only had a chance for bogey a couple of times. And I bogeyed this last hole. But the other time I made a good putt. So I don't know how to understand it. I mean, you know, you play great one day and nothing goes right the other day and it's just one of those days that went right. I needed it and I'm just happy I'm here.

Q. How were the conditions out there? I know yesterday the wind kicked up. Was it all right, was it conducive to scoring a little bit out there today?

BOB GILDER: Well, you know, it came up and went down a little bit. You get some lulls. But then it would come up and gust on you a little bit. I thought it was going to be a little more steady than it was today. I don't think it was as tough as it started out to be.

It didn't really materialize into something really, you know, strong and just steady. It was kind of up-and-down.
